Cartridge filter which can be easily cleanable with compressed air

Engineered for Dust Filtration

Dust shelf allows you to clean filtered dust easily.

General Informations

Filter Type	:	Cartridge
Filter Material	:	%100 Polyester
Filter Quantity	:	1
Filtration Area	:	10 m ²
Filter Efficiency	:	Up to 99%*
Filter Dimensions	:	Ø327 - 600 mm
Cleaning Method	:	Manuel
Flexible Arm Dimension	:	Ø160 - 3m Outside Support

Technical Informations

Dimensions	:	660x810x1065 mm
Weight	:	185 kg
Engine Power / Cycle	:	1,1 kW - 2.950 c/m
Sound Level	:	74 dB
Fan Capacity	:	2.200 m ³ /h
Suction Capacity	:	1.300 m ³ /h
Max. Operating Temperature	:	80 °C
